

# "What I wouldn't give...."

When foster mom **Sabrina Pierce** was asked what she thought of the idea of **Foster Friends**, she was so excited!

"What I wouldn't give to have someone who would offer to provide us a meal every now and then, run some errands, help with homework or tutor a child...  
...this would be fantastic!"

# The Foster Friends Mission

The mission of Heartland for Children's **Foster Friends** program is to provide support to our many foster families in Polk, Hardee and Highlands counties by connecting them with dedicated community volunteers.

There are many possible ways that a **Foster Friend** can offer their support to a local foster family...

## Do you like to cook?

Sometimes, simply providing a meal so that parents can take a night off from cooking can be really helpful!

## Are you strong in Math? English? Science?

Having a special friend that is willing to provide tutoring in the home can make all the difference for a child.

## Are you willing to babysit or be a Sports Buddy?

Having an occasional babysitter so that foster parents can have a night out, or someone to help transport children to sports practices and games, can make a huge difference in the lives of our foster families!

The possibilities for our **Foster Friends** are endless and there are many opportunities to step in and provide support to our local foster homes!
