

Community Based Care: Hardee, Highlands & Polk Counties

Request for Information (RFI)

Qualified Residential Treatment Program (QRTP) - Females

RFI#: FY20/21-001

Release Date: January 25, 2021

Written Inquiries:

1. What is the proposed funding level to be for the provider of this QRTP program?

HFC's Response to Written Inquiry:

This is not an actual procurement but a request for information to see who may have an interest to come into our area to provide the service and what their model would look like. The funding would all be factors that would be considered and negotiated if we were to actually move forward with a procurement and would be negotiated based upon proposed budgets submitted.
