

Substance Abuse Outpatient Treatment Program

NOW ACCEPTING NEW CLIENTS!!

Upon admission into the program, a comprehensive evaluation will be conducted, resulting in an individualized treatment plan that is client centered and strengths based. During the comprehensive evaluation, we also assess for anger issues, family challenges, as well as mental health issues. Individuals will participate in a 12-week substance abuse and anger management program, along with weekly individual counseling sessions. Random monthly drug screens are available. The length of treatment will depend upon the severity of the problem and may range between 3-6 months.

Are you overwhelmed or having trouble coping? Are you struggling at home, school, or at work? Are you using drugs to escape, while using more or experimenting with more alcohol, or drugs? Are you demonstrating drug seeking behaviors, continued drug use despite negative consequences, or using drugs in hazardous places and situations? Are you losing interest in things you once cherished or enjoyed? If so, we can help. Call us at: (813) 290-8560 or visit our website at www.familiesfirstfl.com
